

Fino a 20!

Suggerimenti

- Stampare le carte
- In caso di più giocatori, assegnare un simbolo (cuore, stella, lampo, emoticon) a ciascun giocatore
- Stampare la linea dei numeri per ciascun giocatore e ritagliare il segnalino corrispondente
- Creare un piccolo mazzo con le carte + e –
- Girare la prima carta: il giocatore col simbolo corrispondente avanza o arretra sulla linea dei numeri a seconda della carta
- Vince chi arriva per primo a 20 o chi si trova sul numero più alto alla fine del mazzo

Per ogni carta, così come per ogni linea dei numeri, esistono diverse varianti a seconda della competenza del bambino. Si consiglia di partire con il primo tipo di carta (numeri e immagini) e con la linea dei numeri completa, togliendo a poco a poco i riferimenti visivi.

Abbiamo creato anche delle “carte quantità”. Potete usarle per creare l’attività che volete: dal memory ai classici giochi di carte.

Buon divertimento!

Antonio
